

LISTING OF THE CLAIMS:

1. (Currently Amended) A playpen with double columns at each corner of said playpen, comprising:

a plurality of first ~~corners~~ corner components;

a first rod unit connecting the first ~~corners~~ corner components;

a plurality of second ~~corners~~ corner components;

a second rod unit connecting the second ~~corners~~ corner components;

a plurality of first columns, each said first column having two opposite ends, one end being connected to ~~the~~ a first corner component, another end of said column being connected to ~~the~~ a second corner component;

a plurality of second columns, each said second column having two opposite ends, one end being connected to ~~the~~ a first corner component, another end of said second column being connected to ~~the~~ a second corner component;

wherein a distance of between the two ~~opposite~~ second columns is larger than that ~~of between~~ the two ~~opposite~~ first columns, and whereby a gap exists is formed between ~~the~~ an adjacent first column and ~~the~~ a second column adjacently; and

a boundary ~~shelter unit passing~~ sheet extends through each said gap and ~~covering~~
covers the first columns.

2. (Currently Amended) The playpen ~~with columns~~ as claimed in claim 1, wherein each said second corner component ~~further~~ comprises a first sleeve and a second sleeve ~~for~~
~~respectively~~ connecting respectively with the first column and the second column.
3. (Currently Amended) The playpen ~~with columns~~ as claimed in claim 1, wherein each said first corner component ~~further~~ comprises a first bulge and a second bulge ~~for~~
~~respectively~~ connecting respectively with the first column and the second column.
4. (Currently Amended) The playpen ~~with columns~~ as claimed in claim 3, wherein each
of the first and second columns extend respectively ~~about~~ around the first and second
bulges.
5. (Currently Amended) The playpen ~~with columns~~ as claimed in claim 1 or 4, wherein
the playpen ~~further~~ comprises a plurality of rivets ~~to secure~~ for securing the first and
second columns to respectively ~~to~~ the first ~~corners~~ corner components.
6. (Currently Amended) The playpen ~~with columns~~ as claimed in claim 1, wherein the
playpen ~~further~~ comprises a plurality of ~~chips to secure~~ washers for securing the
boundary ~~shelter unit~~ sheet respectively ~~to~~ the ends of the first columns which are
adjacent to the first ~~corners~~ corner components.
